

A New Name Same Faces

The SA Webster & Son Partnership with my Father ,that was started by him in 1978 ended with his passing in 2014 and this year we celebrated 40th year trading ,with the third generation of family now working within the business .It has now become necessary with the complexities of business law to make our business a limited company ,this was completed on the 21 December 2018.The new company is still owned by the same people with same people working for us. The only changes customers need to make is to make any rent payments to our new bank account SA Webster Limited, Lloyds Bank sort code 30-65-62 account number 35270460 using the same reference that you used before ,do not worry if you have just paid as old account is still open. If you pay by another method, please continue to use same payment book until you receive another if you post a cheque please make this payable to SA Webster Ltd. All deposits that we held for customers have been registered under the new company name still with tenancy deposit solutions you will have received a new certificate in the post before 12 Jan 19

May we assure you that these changes in no way will change anything for you our customer, and we look forward to the next 40 years of providing service to our customers.

Best wishes for 2019

Richard Webster & Helen Webster

SA Webster Limited
